

# DENTAL SYMPHONY

Create a passive stream of income by offering our online forms through your company!

dentalsymphony™

## WHY PARTNER WITH US

Offering online patient forms means your customers are less likely to go shopping around looking for someone who does it all.

When you partner with us, we can handle all the account management, so there's no cost of development or employee time to invest in.

## CLINICALLY ADVANCED ONLINE FORMS

Staff focus on the patient and not the paperwork. We offer a HIPAA secure, online portal that works alongside any practice management system giving new and updating patients a modern, sophisticated and paperless experience; all while eliminating tedious daily tasks.

## HIPAA COMPLIANCE

Dental Symphony adheres to all the security, privacy, reporting, enforcement and notification provisions of HIPAA and HITECH, protecting both dental practices and their patients' privacy rights.

## PARTNERSHIP TIERS

1

### TIER 1

The partnering company would send their customers to Dental Symphony for account support and maintenance.

Dental Symphony handles all install, training, account support and customizations for each office. This is easily a value add-on for the partner's customers.

2

### TIER 2

The partnering company handles all install, training, account support, maintenance and customizations for each office. Dental Symphony handles only support issues when contacted by the partnering company.

Dental Symphony spends the first 30 days of the partnership helping to train the staff and will be available to be on customer calls during that time to help the staff with their customers. This is usually a bundled product offering.

## **PRODUCT FLEXIBILITY AND CUSTOMIZATIONS**

We are flexible in our product offerings and bundling options for partners as well as our customization offers.

## **MULTI LOCATION/ ENTERPRISE SET UP**

Dental Symphony can easily work with one location, multi-locations, or enterprise set ups.

## **CO-MARKETING EFFORTS**

We are happy to work with your marketing and sales teams to provide marketing assets and top funnel content as well as scheduling webinars for your customers. We can provide info-graphics and pre-written content.

## **DEFINED USE**

Active customers are defined as customers who have access to the service and not based on usage.

## INTEGRATIONS OFFERED

We can easily work alongside any practice management system.

## BY DENTISTS FOR DENTISTS

We are designed by dentists for dentists offering vital clinical support not found anywhere else. Our Clinical Team, made up of leaders in the dental, medical and academic field, came together to solve the problem of deep clinical gaps existing in current dental software.

By asking what is important for the dentist to know at the point-of-care, the Clinical Team has developed a specialized knowledge base that offers information needed to know, precautions to be taken, and advice on how to avoid and manage problems during patient care.

# WHAT ELSE DO WE OFFER?

## DEMOGRAPHIC AND MEDICAL ANALYTICS

Track the number of newly created patients, analyze patient demographics by age or gender, understand patient portal engagement, review portal happiness ratings and more!

Study the demographics of medical conditions within a dental practice patient population.

Quickly see which major medical diseases are most common and what the top medications are being taken.

*Dentists speak more confidently to their patient's physicians with  
Dental Symphony*

## PATIENT PRESENTATIONS

Presentations helps to protect practices against liability claims by presenting a clinically logical record of the patient workup including essential elements to support treatment plans. Never again worry if patients have been fully informed.

## CHART PERIO IN SECONDS, SERIOUSLY!

A standalone periodontal charting system that is unmatched in ease, speed, power, and functionality. Dental Symphony's unique periodontal charting system includes the power to track changes over time and graph them. It is a powerful tool for periodontists, general dentists who address periodontal issues, and hygienists.
